We now have two mares and a filly on the Premium Plan so as well as all the important preventative checks and vaccinations we also have great discounts on practice fees.

M.W. - Client on Premium Plan

Knowing colic surgery is included if ever needed.

G. K. - Client on Premium Plan

We have been with Cotts Equine for over 10 years and their vets know our horses really well - Paying a fixed amount every month makes it easy to budget for.

J.A. - Client on Protect Plan

What are the benefits of an Equine Care Plan?

In all cases it works out cheaper to have a care plan than pay for the exact same service when you want it. It allows you to budget for your horse's preventive healthcare needs in a convenient and affordable way. It also gives you exclusive discounts on other products and services from our practice. Our Equine Care Plans are not insurance, but have been designed to work well alongside your current equine insurance. Free colic surgery without upper age limits could be regarded as better than insurance.

How do I join?

Complete the application form on the reverse of this leaflet and return to:-
